ABOUT TOWN.

Colds are very prevalent just now.

The approach to the Park are spoken of as being in excellent order,—one can now drive out in perfect comfort.

The Court would not grant the petition for release in the *Lester* *sue* case, which was before the Supreme Court last week.

The Board of Health regulation quarantining the surfaces on board our vessels has been suddenly withdrawn. We do not quite see why.

The steam roller has been busily prancing up and down Nuanan street during the past week; it has smoothed out the wrinkles considerably.

No bodies have been shipped from Palama, where the case of small-pox was discovered, so that the fears of the *Advertiser* are groundless.

In spite of the large reward offered, the Chinese murderer Leong Lung is still at large. We have a strong suspicion that he must have returned to the Celestial shores either in the *Mayo* or the *Sophie*.

A native, Polyn, who has been lying in jail for several months, is still in a state of death, and was last week exonerated last Friday was held re-prisoner.

Last Thursday a number of ladies met together at First Street Church for the purpose of sewing clothes, etc., for the small-pox patients on the roof; this is "co-operation" which will meet with every body's approval.

We publish today a letter of General Garfield to his classmates in the Hawaiian Islands; we doubt if many countries outside of the United States have seen such a long list of the President's classmates.

There has been a cutting affray at the other side of the island. A man named Hoopii made a severe wound on the neck of a youth called Charley Conley. She has been remanded until it is seen whether the wounded man recovers.

The C. N. Hooper arrived on Sunday morning with one case of small-pox on board. She has been put into quarantine. There was considerable delay in getting the maid from her, but it was not the fault of the post office authorities.

A reward amounting to \$500 is now offered for the capture of the murderer Leong Lung. His compact through the surface place in the country near the Samson House, perhaps it might be well to search the Station House premises, the murderer may be concealed there.

Last Wednesday three vessels left this port for San Francisco. The *Atalanta*, the *Lady Lampson* and the *Advertiser*. The first named carried the *Advertiser* through the *Samson* *sue* case, the second, other various items, and the *Atalanta*, *Samson*, *Advertiser*, etc., for general *set* on March 25. The bidding was swift and the prices realized were fully up to the expectations of the sellers prevailing, and went far to show that there is still plenty of money here and requires only the right kind of investment to bring it out. The free panel offered was the *Advertiser* *set* on the *Samson* *sue* case.

No small-pox yet reported on East Maui, but frequent arsons are made of both natives and Chinese for having certain in possession, selling or smoking it. The vice seems wholly prevalent.

Vaccination is being thoroughly pursued throughout the Makaha district. One hundred and fifty were vaccinated at Moemoe's store on the 22d inst., by the government physician, Dr. Standard.

The investigation into the Jones robbery case is progressing satisfactorily, by which the trials have been commenced for jury trial. The trials will be held at the next term date of the Circuit Court on March 25.

If there is no further outbreak of small-pox it is probable that the opera of *Pinocchio* will be given at the Theatre within three weeks. We hear of an American company, the *Wardrobe*, who are to give a few more performances, probably in the same place as the *Admiral* *set*. The first regular trip is set for Tuesday, April 2nd.

Things are lively round the Quarantine ground and the coast. The Chinese are certainly a most desirable class of immigrants when things get as bad as they have done lately. Eighty of his late imports are reported to be pirates by reason of the fact that the *Advertiser* has been left unhooked up to the present by our own people.

We have been prepared to contradict the foolish story about Col. Armstrong's suit costing \$700 for six weeks past and had begun to think that it would not appear; however the *Saturday Press*, apparently slaying in the *Advertiser*, has at last come to grief, and is rapidly sinking.

It is to be hoped that the *Advertiser* will be given a chance to speak its mind.
